

72nd Imperial Fighter Wing

Category : Navy Organization

Published by [Uriko](#) on 2010/2/28

Our old squadrons Raven, Thunderbirds, Pisqu and the other are now merging under the same Imperial Unit called

The 72nd Imperial Fighter Wing.

This will allow us to remain efficient even with lesser numbers, though still able to expand.

This new squadron is divided into Flights made of 4 to 6 starfighters. Such a small unit will be made independant and self sufficient.

Here is our current organization within the Dark Stance Imperial Navy:
